Hvussu ein skipan virkar

01

Vel eina tænastu

Vel á listanum ella spyr hjálparan. Prísurin og treytirnar eru á síðuni áðrenn tú tosar við nakran.

02

Samtykkja karmarnar .

Stig 1 er ein skrivlig yvirlýsing av tí, sum bygt verður. Hetta er einasta stigið, har viðgerðir eru við.

03

Vit byggja og polera

Tú fylgir gongdini á forskoðanarleinkju. Designpolish fínpussar góðkendu karmarnar og kemur ikki í staðin fyri teir.

04

Rinda fult út, fá síðani

Fílur verða latnar og hýsing fer beinleiðis tá saldan er komin upp á null. USDT og USDC eru góðtikin.

Reglurnar

Goldið til fulnar áðrenn avhending

Eingin síða er latin og eingin hýsing er tendrað fyrr enn bíleggingin er fult goldin.

Viðgerðir enda á 1. stigi.

Broyt karmarnar, sum tú vilt, áðrenn hann verður góðkendur. Ein høvuðsumvæling eftir tað telur sum ein nýggj tænasta.

Økiskostnaður er serstakur

Prísirnir innihalda ongantíð økið. Tú skrásetir tað í tínum egna navni, so tað verður títt.

Byrjunarprísur. Domain kostnaður ikki íroknaður. Gjald í USDT ella USDC. Full gjald skal gjaldast áðrenn avhending. Almenn hugtøk

Heimasíður og lendingarsíður

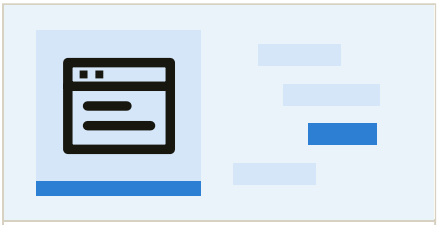

Síður, sem greiða frá tíni fyritøku og fáa fyrispurningar frá kundunum.

HVAT TÚ FÆRT

- ✓ Skrivligur karmur um síður og pørtur .
- ✓ Svarandi bygging til telefon og skriviborð
- ✓ Grundleggjandi SEO-merki á síðuni
- ✓ Vegleiðing um útsetingar ella avhending

HVAT TÚ SKALT VEITA

Títt virkisnavn, tekstur, myndir og økið, tú hevur skrásett.

Techserva

Hvussu ein skipan virkar

01

Vel eina tænastu

Vel á listanum ella spyr hjálparan. Prísurin og treytirnar eru á síðuni áðrenn tú tosar við nakran.

02

Samtykkja karmarnar .

Stig 1 er ein skrivlig yvirlýsing av tí, sum bygt verður. Hetta er einasta stigið, har viðgerðir eru við.

03

Vit byggja og polera

Tú fylgir gongdini á forskoðanarleinkju. Designpolish fínpussar góðkendu karmarnar og kemur ikki í staðin fyri teir.

04

Rinda fult út, fá síðani

Fílur verða latnar og hýsing fer beinleiðis tá saldan er komin upp á null. USDT og USDC eru góðtikin.

Bílegg kl.

techserva.vercel.app

Byrjunarprísur. Domain kostnaður ikki íroknaður. Gjald í USDT ella USDC. Full gjald skal gjaldast áðrenn avhending.
